I am pleased to report the Fluvanna County Chamber of Commerce is going strong because of the support of our members, our Board, and our many volunteers. I want to thank our members for trusting us to represent you to the community. I also encourage any and all feedback on making the Chamber better and a stronger benefit to your business.

This year’s Fluvanna Guide is dedicated to William “Bill” Hughes. Bill served faithfully on the Fluvanna County Chamber of Commerce Board of Directors since 2010. The sudden loss of Bill on December 8, 2016, was a shock to us all. The more enriched a person makes our lives, the harder it is to say goodbye. It is during times of great loss that we realize how limiting words can be and how special our friends truly are. For this, we chose to dedicate this Guide issue to our friend, William “Bill” Hughes to remember a truly wonderful person that meant so much to so many.

To anyone who knew Bill, you never forget his warm, captivating smile, his intelligence and enthusiasm. For us at the Chamber of Commerce, we relied on his vision, hard work and dedication. Bill often reminded us that we could do anything we set our minds to and he believed it and approached Chamber work that way.

Bill served our community in many ways beyond the Chamber. He was a former School Board member, was involved in numerous County programs, served as VFW Post Commander since June 2012 and was very active with JABA. He was a pillar in our community and is greatly missed.

Sincerely,

Debra L. Lucado

**Fluvanna Facts**

**Location:** Centrally located in the heart of Virginia, Fluvanna County is about 25 miles east of Charlottesville, 60 miles west of Richmond, 120 miles south of Washington, D.C., and within 45 miles of the scenic Skyline Drive. Fluvanna County’s southern boundary is the James River, which separates Fluvanna from the counties of Buckingham and Cumberland. To the west is Albemarle County; to the north, Louisa County; and to the east, Goochland County.

**Topography:** Fluvanna County is located in the Piedmont Plateau Physiographic Province and is characterized by gently rolling hills. Covering 286 square miles of land, two thirds of which is forested, most open land is devoted to farming and grazing. Elevations above sea level range from about 200 feet at the Town of Columbia to about 550 feet at Zion Crossroads. Fluvanna offers a moderate climate, with winds from the south.

**Fluvanna County’s population estimates as of July 2016, was 26,271.** We experienced a growth of 28.15% from 2000 to 2010, which paled in comparison to the 61.29% growth from 1990 to 2000. While the county is still mostly rural, larger concentrations of residents may be found at Lake Monticello, Palmyra, and Fork Union.

**Local Economy:** The Virginia Employment Commission’s Community Profile for Fluvanna includes data from the Quarterly Census of Employment and Wages (QCEW). Results from the third quarter in 2012 show these as the top ten industries in Fluvanna County: Government, Local Government, Construction, State Government, Accommodations and Food Service, Health Care and Social Assistance, Retail Trade, Administration and Support and Waste Management, Educational Services, and Other Services (except Public Administration). Commercial activity within the county is centered at Fork Union, Lake Monticello, Palmyra and Zion Crossroads. Fluvanna County is one of the few counties in Virginia that does not levy a BPOL (tax on business gross receipts). The Economic Development Authority of Fluvanna County, Virginia is authorized to issue tax-exempt revenue bonds. The Economic Development Authority, and the County’s Economic Development Department are very active in support of businesses, including community-based “cottage” industries.

**Cultural Activities:** With the completed renovation of the Carysbrook School Auditorium in 1997, Fluvanna County gained a home for the arts: The Carysbrook Performing Arts Center. With concerts, community theater productions, lectures, and other events provided September through May by the Fluvanna County Arts Council, Inc. county residents are provided with activities to suit every taste. With its close proximity to Charlottesville, Richmond, and Washington D.C., Fluvanna County is in a unique geographic location to offer easy access to the widest range of cultural events. The Fluvanna County Library has a computer lab with internet access for public use.

The county operates five public schools – one primary (Pre-K and K), two elementary (one, grades 1 & 2 and one, grades 3 & 4), one middle school (grades 5-7), and one high school (grades 8-12). Six private schools are also located within the county: Effort Christian School and Preschool, Fork Union Military Academy (FUMA), Lafayette School, The Light Academy, Oakland School, and Open Door Christian School.

The University of Virginia in Charlottesville is composed of undergraduate, graduate and professional schools. Dental, eye, physical therapy, counseling, pharmacy, and veterinary services are also available. Central Virginia Health Service operates facilities in Buckingham County (Central Virginia Community Health Center in New Canton) and in Louisa County (Health and Wellness Center of Louisa). Fluvanna County is fortunate to be conveniently located to the world-renowned University of Virginia Medical Center with a Level I trauma center and the community-based, not-for-profit, Martha Jefferson Hospital, both in Charlottesville. Pegasus Flight Operations covers the county, providing helicopter transport in emergency medical situations.

**Leisure Activities:** Fluvanna County has abundant natural resources, including the James, Hardware, and Rivanna Rivers. These waterways, along with other natural areas, provide ample opportunity for hunting, fishing, boating, hiking, and other outdoor activities. Within the county are the state operated 1,034 acre Hardware River Wildlife Management Area, the Rivanna

Historic Village of Palmyra. **Photo by Kevin Williams**
Conservation Society’s 100 acre Scheier Natural Area, and the Fluvanna County Heritage Trail Foundation’s trails (between historic Palmyra on Rt. 15 and Pleasant Grove on Rt. 53). Ruritan Lake is a particular favorite of outdoor enthusiasts. Note: As of January 1, 2012, the Virginia Department of Game and Inland Fisheries (VDGIF) requires an Access Permit to department-owned Wildlife Management Areas (WMAs) and public fishing lakes for visitors who are age 17 and older, unless they possess a valid Virginia hunting, freshwater fishing, or trapping license, or a current Virginia boat registration. The County Parks and Recreation Department operates a gymnasium and community center and sponsors over 33 programs and five athletic leagues. There are nine ball fields and two tennis courts. The county also owns a 969 acre property, “Pleasant Grove Park,” near Palmyra. Activities open to residents and property owners of the Lake Monticello community center around a 352 acre man-made lake. The main lake is open for swimming, boating, water skiing, diving, and fishing. There are five beaches for access to the water and a marina with a boat ramp for trailer accessibility. In addition to the water activities, the LM community offers a par 72, PGA championship golf course; basketball courts; a baseball field; a soccer field; and two playgrounds with cook-out facilities.

Cable television service is available at Lake Monticello and in some other areas of the county. Satellite service is available to county residents interested in expanded coverage. Two weekly papers provide regular coverage of Fluvanna – The Fluvanna Review and The Rural Virginian. Both are Chamber members. (There are additional weekly papers available in our area.) The daily papers for our region are Charlottesville’s The Daily Progress and Richmond’s The Richmond Times-Dispatch. There are numerous public broadcasting and commercial radio stations whose signals reach Fluvanna County, including the stations from Chamber members Charlottesville Radio Group and Monticello Media.

Public Service: The Sheriff’s Department and the Virginia State Police provide law enforcement for the entire county. Lake Monticello Police Department operates primarily in the Lake community. Volunteer fire and rescue squads serve throughout the county providing an exceptional level of service. Roadways & Transportation: Interstate 64 crosses the county’s northern tip and provides direct access to Charlottesville, Richmond, and the Tidewater region. U.S. Route 15, a major north-south highway, runs through the center of the county. State Route 6 runs east-west at the southern end of the county. Scheduled air, rail, and bus service is conveniently located within an easy commute of the entire county.

Utilities: Electricity is provided by Dominion Energy or the Central Virginia Electric Cooperative. Telephone service is available through Comcast and CenturyLink and cellular coverage is also available in most parts of the County. Public water and sewer are available at Lake Monticello and portions of Palmyra. Public water service is available in portions of Fork Union.

History of Fluvanna County: The area which is now Fluvanna County was once part of Henrico County, one of the original shires of the Virginia Colony. Henrico was divided in 1727 and the Fluvanna County area became a part of Goochland County.

Continued on page 10
In 1744 Goochland was divided and the area presently known as Fluvanna became a part of Albemarle County. Finally, in 1777, Albemarle County was divided, and Fluvanna County established. The County was named for the Fluvanna River, the name given to the James River west of Columbia. Fluvanna means “Anne’s River” in honor of Queen Anne of England. Fluvanna was defended by six militia companies during the Revolution. Fluvanna was invaded by British forces in 1781 when the Point of Fork Arsenal was destroyed. No Civil War battles were fought in Fluvanna, but Union soldiers burned mills and bridges and also damaged the James River canal. From an initial 882 “tithables,” the population reached 3,300 by 1782. Columbia was formed in 1788 with Bernardsburg and Wilmington following soon after. Lyles Baptist Church was organized in 1774 and the formation of the Methodist denomination had its roots in a Conference held in Fluvanna in 1779. The “Brick Union” Church was built in 1825 for the use of Episcopalians, Methodists, Baptists, and Presbyterians. The village of Fork Union grew up around that church (now called Fork Union Baptist Church). The Rivanna Navigation Company was organized in 1805 to improve the Rivanna River. Eventually a series of locks and dams were built from Columbia to Milton, five miles below Charlottesville. The James River and Kanawah Canal, which was completed in 1840, ran along the James on Fluvanna’s southern boundary. Both canals brought prosperity to the County until they were supplanted by the railroad in 1881. Palmyra was made the county seat in 1828 and it quickly became a thriving town after the completion of the courthouse in 1830. There were numerous successful gold mines located in the eastern half of the County during the 1830’s. Palmyra has seen many changes and still offers tranquility.
Purpose: The powers and duties of the County Board of Supervisors include the administration of state laws in the county, approving and enforcing county ordinances, approving the annual county budget, determining and levying county taxes, and the general supervision of county governmental affairs. Further, the Board is responsible for making citizen appointments to the various governmental boards and commissions existing in the state.

Membership: Supervisors are popularly elected to represent each county election district. The term of office is four years, with no restriction on the number of times re-election may be sought. Election of membership to the County Board of Supervisors is staggered, thus allowing overlapping terms of office.

SELECTING THE BOARD

Qualifications – Candidates for the Office of County Supervisor must be residents of their county and district for at least thirty days, the State of Virginia for at least one year, and a citizen of the United States. Candidates must also be at least eighteen years old and registered to vote. Candidates for the Office of County Supervisor may run as independents or as members of a particular political party.

Election – Election of the County Board of Supervisors is conducted under the election laws of the Commonwealth of Virginia. The Code of Virginia requires that the election be held on Tuesday after the First Monday in November of odd-numbered years. Supervisors are elected for a four-year term, which begins on the first day of January following the election.

Meetings – Virginia law requires that a county governing body meet at least once per month. The day and time of meetings are adopted by resolution of the Board during the same organizational meeting in January at which officers of the Board, by-laws, and rules of order are determined.

Due to possible changes each year, it is important that citizens pay special attention to the results of the organizational meeting each January. Each meeting is open to all citizens. Citizens may address the Board on any topic relevant to county government during one of the public address portions of the Board meeting – usually early in the agenda.

In 2017, meetings are the first Wednesday of each month at 4:00 p.m. and the third Wednesday of each month at 7:00 p.m. in the Circuit Court Room at the County Courts Building in Palmyra. Work Sessions, when scheduled, are generally held on the third Wednesday of each month at 4:00 p.m., prior to the regular 7:00 p.m. meetings. There is one meeting only in July, on the first Wednesday of the month.
MEMBERSHIP IS OPEN TO those who live, work or own a business headquartered in Charlottesville, Albemarle, Culpeper, Fauquier, Fluvanna, Greene, Louisa, Madison, Nelson, Orange, or Rappahannock.

132 Main Street, Historic Village, P.O. Box 540, Palmyra, VA 22963

The role of the Community Planning and Development Director is to foster economic growth through continued business investment. The Director works with County officials to develop strategic plans for economic development and represents the community in presentations to private industry. The Director also markets Fluvanna as favorable for business relocation or expansion. As part of the economic development effort, the Director may write policies or draft incentives that are designed to attract new business opportunities. Relocation of a new business to Fluvanna and expansion of existing firms can create new jobs for residents and generate additional revenues for the county, enabling us to expand services and infrastructure, regulate sprawl, and keep taxes low.

FLUVANNA COUNTY SEAL AND FLAG

The official seal of Fluvanna County incorporates the Revolutionary War Arsenal at Point of Fork, and a branch of persimmons at the top of the interior crest. Persimmons were once an integral part of Fluvanna pride. Persimmon trees grew wild and were easily spotted throughout the county. In the year 1777, Fluvanna County was formed from Albemarle County during the American Revolution. The County Seal (see page 11, header) is the centerpiece of the county flag. On the flag, a diagonal blue band represents the Rivanna River and a blue band along the bottom symbolizes the James River. These two rivers meet in Fluvanna County.

Lafayette School ............................................. 589-2370
103 Zion Station Road, Troy, VA, 22974
lafayette-school.org
The school was founded on the principle that many youth with emotional and behavioral problems can be effectively treated educated, and maintained in their home community in an intensive day program that combines special education and therapeutic intervention. Because we have a student capacity of only 28 students, we are able to provide individualized education and therapy to each student. Our ultimate goal is to transition students back to their “home” school upon completing their academic and therapeutic goals. However, we realize that our environment may sometimes be the least restrictive educational placement for some students to find success. To that end, students can remain at Lafayette School until they graduate from high school.
